## How one employer can potentially save over \$480,000 a year\*

Let's take Jake, a hypothetical owner of a software company in the San Francisco Bay Area. He has 1,000 employees and pays 80 percent of their premiums. Here's how he and his employees would save if they switched from their previous Aetna Open Access Managed Care (OAMC) plan to a Sutter Health | Aetna plan.

	Jake pays	Employee pays
<b>Jake's previous OAMC plan*</b>	\$400 per employee, per month (PEPM) <b>\$4,800,000 a year</b>	\$100 a month \$1,200 a year
<b>Sutter Health   Aetna plan*</b>	\$360 PEPM <b>\$4,320,000 a year</b>	\$90 a month \$1,080 a year

**Savings as much as \$480,000 a year**

\*The above example is for illustrative purposes only. Rates for Sutter Health | Aetna plans are generally 10-14 percent less than comparable Aetna plans with a broad network in the market. The hypothetical example assumes a 10 percent savings from an Aetna broad network plan. The costs are based on all employees participating in the plan without dependent coverage. Actual savings may vary. Aetna plans are underwritten and/or administered by Aetna Life Insurance Company and/or its affiliates.
